### Teachers & Staff

There are many things that make Impact a special place to work or study, but there is no doubt that our people are very important. Our teachers and staff all love what they do, and do it extremely well. Naturally, all teachers at Impact are fully qualified and experienced, and take part in our regular Professional Development sessions. Our staff and teachers have had the experience of living abroad and learning another language, so they understand exactly what students are dealing with and can relate directly to them. At Impact you can always find someone to assist or advise you – our teachers are not only the best, but sensitive and caring too.

### Orientation

On the first day of your program, please come to Impact to begin your orientation. As our class placement

testing is done online before you arrive, the Orientation Day includes specific information on enrolment, study skills, Impact services & facilities, student responsibilities and life in Brisbane and Melbourne. A special orientation program for homestays will also be provided.

### Be Job Ready!

We understand the significant life investment students are making in their future. Through programs such as Business English, Barista/Café English and weekly Job Clubs, students will learn about writing job applications, going for interviews, and Australian workplace culture. At Impact, we are committed to helping students to achieve their career goals. Upon request, an information pack regarding resume preparation, job interview language and techniques, customer service, and Australian workplace routines is available.

### ICON (Learning Management System)

We are using the Moodle platform to deliver an even better study experience for all Impact students. ICON

connects students with their teachers, classmates and their learning. It is designed to make students' study experience even more connected.

### Academic Counselling

Student/teacher interviews are every 5 weeks and progress reports are issued every 10 weeks. Our academic management team are available to offer advice on Impact's pathways and further study options at TAFE colleges and Universities

### Personal Counselling

We also have a number of staff who are qualified and experienced in assisting students with personal, health and any other issues. Students who need assistance in their own language, can visit our Multi Language Counselling Room where they can receive assistance in several different languages. Impact also has a designated staff member who assists students with homestay and attendance issues.

# Living and Transport

Melbourne or Brisbane. We can also provide recommendations for hotel or backpacker style accommodation. Please contact us for more details on our accommodation options.

### Public transport

The Australian public transport system is a convenient way to get to the campuses. It also provides easy access to all surrounding areas in Melbourne\* and Brisbane^.

V/Line: [vline.com.au](http://vline.com.au)

^ Translink: [translink.com.au](http://translink.com.au)

### Medical Insurance

All students should have valid medical insurance while studying at Impact. If you are on a student visa, this will be added to your registration. If you are coming on any other visa you should purchase insurance before leaving home.

### Airport Pick-up

If you choose the airport arrival service, you will be met when you arrive at the airport and be taken to

your accommodation. This service is available any time – day or night.

### How much money to bring?

The amount of money you bring with you is a personal decision. However, you must make sure you have enough funds to cover your bond/rent and moving expenses for your accommodation on your arrival. An initial cost of roughly AUD\$3,000 is needed to cover rental bonds and furniture. You should also have money to cover temporary accommodation expenses (homestay or youth hostel) including meal and transport costs. Please be aware that you should not carry large amounts of cash with you.

### Other costs

Melbourne and Brisbane are reasonably-priced cities providing good quality affordable living and abundant accommodation. As a guide, you will need a minimum of AUD\$21,041 (excluding tuition) per year to cover accommodation, food, transport, books, clothing, entertainment, health services and other expenses.

- 10 General English (BNE campus)
- + 5 Barista/Cafe English (MEL campus)
- + 3 Barista Kickstart (MEL campus)

I came to Australia to improve my English and to have a working holiday experience. I couldn't decide which city so Impact was the perfect choice because I could study in both Brisbane and Melbourne. After moving to Melbourne, I fell in love with the cafés and wanted to become a barista. The Barista course and Kickstart program really helped me understand the hospitality industry and gave me the experience I needed to find a job in a café!

I studied at Impact for six months and the IELTS course helped me achieve the score that I needed to get into a university in Australia! Although these courses were challenging and intensive, I enjoyed them very much and felt that it was the best decision I had ever made. My English improved so much and I could express my opinions and communicate so much more fluently.
