WELCOME FROM RUSSELL MCKAY

TAFE QUEENSLAND OFFERS **A DIVERSE RANGE OF COURSES COVERING 22 STUDY AREAS** THAT REFLECT NATIONAL PRIORITIES AND GLOBAL WORKFORCE TRENDS.

Our staff and students routinely win prestigious state and national awards. We enjoy a very high level of student and employer satisfaction in the 80-90% range.

You can be confident that our teachers are among the best in Australia all of whom have many years of professional experience and who return to industry service each year to refine their skills.

We pride ourselves in our purpose-built facilities where you will learn hands-on using the same tools and equipment used in industry. Put your theory into practice straight away in our clinical labs, salons, training restaurants, and creative spaces. Develop your skills, ability, and confidence and gain the practical experience you need to graduate job ready.

Our focus is on making your educational journey as rewarding and enjoyable as possible. We have a wonderful team of educational and support staff to help you feel welcome and keep you engaged and motivated.

TOGETHER WE CAN MAKE GREAT HAPPEN.

Russell McKay - General Manager
INTERNATIONAL EDUCATION

BENEFITS OF STUDYING AT TAFE QUEENSLAND

You will have access to multi-million dollar facilities and the latest equipment and software while studying in a positive, supportive social environment.

Enjoy small classes with a high level of teacher contact and learning support. Take part in many on-campus sporting, cultural and artistic events.

Our focus is on practical, hands-on training. Our courses are nationally accredited and reviewed by industry advisory bodies to ensure you graduate employment ready.

TAFE QUEENSLAND IS PROUD TO BE
**QUEENSLAND'S LARGEST, MOST
EXPERIENCED TRAINING PROVIDER.**

GOVERNMENT OWNED AND OPERATED

TAFE Queensland is a Statutory Body set up by the Queensland Parliament under specific legislation.

TAFE stands for “Technical and Further Education”.

A major strength of TAFE Queensland is its heavy involvement with industry through formal advisory councils. This ensures we focus on real-world, hands-on and practical skills, training and development.

TAFE Queensland is a ‘public’ training provider contributing to the Queensland Government’s educational priorities for aligning skills development with industry demand and global trends.

To do this, TAFE Queensland has 50 campuses around the State of Queensland catering to around 110,000 students and has 22 campuses offering international programs.

CAMPUS

WHO WE ARE

OUR VISION

At TAFE Queensland our vision is to be the leading provider of vocational education and training that is at the heart of community success.

OUR PURPOSE

Why do we exist: At TAFE Queensland, we deliver quality education and training that enables the careers of our students and the development of the industries and communities we serve.

OUR VALUES

By holding true to our values and keeping customers at the centre of everything we do, we will continue to strengthen TAFE Queensland's reputation as a leading provider of high quality education and training.

TAFE QUEENSLAND WON THE 2019 AUSTRALIAN INTERNATIONAL TRAINING PROVIDER OF THE YEAR.

We are regarded as one of the best training providers in Australia and this award recognises our achievements in providing high-quality vocational education and training products and services to over 3000 international students annually from more than 90 countries.

WHERE WE ARE

Queensland is commonly called the Sunshine State, as it is often blanketed by sun throughout the year. This has led to Queensland's outdoor culture, which has been prevalent in shaping the habits, events and lifestyles of the locals.

WORLD-CLASS FACILITIES

Step out of the classroom and into **our purpose-built facilities** where you will learn hands-on using the same tools and equipment used in industry.

Put your theory into practice straight away in our **clinical labs, salons, training restaurants, and creative spaces**.

Develop your skills, ability, and confidence and **gain the practical experience you need to graduate industry ready**.

MT GRAVATT
CAMPUS

WORLD-CLASS FACILITIES

Our courses are delivered on our modern campuses, using world-class facilities and equipment. For example, our state-of-the-art dental laboratory and working denture clinic allow students to complete clinical and lab work on real patients, using real equipment and facilities.

STATE-OF-THE-ART EQUIPMENT

Our state-of-the-art production facilities boast industry-standard video editing suites, sound recording studios and a Black Box Theatre for video production. Our OptiTrack 3D Motion Capture System and high-definition video cameras mean you will be working with the most up-to-date technology on the market.

INTERACTIVE LEARNING SPACES

Our commercial cookery students gain practical experience in our on-campus training restaurants preparing gourmet quality food for the general public as well as catering for VIP functions and events.

INDUSTRY-STANDARD CLINICAL PRACTICE

Our learning spaces are more than just classrooms. Our simulated clinical wards are equipped with state-of-the-art anaesthetic machines, vital signs monitors, ECG machines, IV trolleys and simulator mannequins, which will prepare you for real-world situations while under the supervision of industry professionals.

OUR PURPOSE-BUILT FACILITIES WILL **ALLOW YOU TO BUILD HANDS-ON SKILLS** THAT YOU CAN TAKE STRAIGHT INTO THE WORKFORCE WHEN YOU GRADUATE.

INDUSTRY RECOGNITION

Our teachers regularly return to industry to keep their skills and knowledge up-to-date. They contribute to developing training packages **in consultation with industry to ensure our courses continue to meet contemporary workforce requirements and standards.**

Our **partnerships with local employers** also allow you to train on-the-job in real workplaces and gain valuable work experience while you study.

Our staff and students are **regular recipients of awards for excellence across a wide range of industries.** Students and staff regularly win at regional and state levels at the Queensland Training Awards and in 2019 we earned the title of Australia's International Training Provider of the Year.

MOOLOOLABA
CAMPUS

ACCREDITATION DENTAL

Our Bachelor of Dental Prosthetics program is nationally recognised and endorsed as an accredited course by the Australian Dental Council (ADC) and approved by the Dental Board of Australia. While at TAFE Queensland, all students are registered with the Australian Health Practitioner Regulation Agency (AHPRA) by TAFE Queensland.

AWARD-WINNING PROGRAMS

In addition to the 2019 Australian award for International Training Provider, TAFE Queensland won the 2018 Large Training Provider of the Year award for the fourth year in a row and numerous awards for Student and Teacher of the Year.

ACCREDITATION ENGINEERING

TAFE Queensland's Associate Degree in Civil Engineering is accredited by Engineers Australia at the level of Engineering Associate. This professionally-accredited program is also recognised in Canada, Ireland, Korea, New Zealand, South Africa, United Kingdom and the United States of America through the Dublin Accord.

INDUSTRY CONNECTIONS

TAFE Queensland has many industry partners including The Star, Marriott, Accor, and Hilton. In collaboration with our partners we offer master classes presented by industry renowned chefs. These industry connections allow you to seek career guidance and provide an opportunity for future employment outcomes.

OUR PARTNERSHIPS WITH LOCAL EMPLOYERS ALLOW YOU TO **TRAIN IN REAL WORKPLACES AND GAIN VALUABLE WORK EXPERIENCE** WHILE YOU STUDY.

THE BENEFITS OF VOCATIONAL PLACEMENT

One of the best things about studying with TAFE Queensland is that so many of our qualifications require students to participate in a vocational placement component, or “VPC” for short. In some countries, this is known as an “internship”.

Vocational placements provide students with the opportunity to apply the skills they learn on campus in a supervised, structured, “real-world” workplace environment.

Placements allow students to gain up to date industry level training “on the job” - while giving employers the opportunity to pass on their knowledge and increase the number of work-ready graduates.

DO I HAVE TO DO A PLACEMENT?

Yes, the placement component forms part of your training and assessment for your course and is a mandatory requirement to achieve your qualification. Industry advisory committees in Australia have determined that as part of your course, you must be able to demonstrate your skills in the workplace whilst under supervision. TAFE Queensland has ensured that the placement is authorised under Australian and Queensland State law and you are covered by appropriate insurances.

WHAT IS THE DIFFERENCE BETWEEN A PLACEMENT AND WORK EXPERIENCE?

Whereas a placement is compulsory, work experience is offered or encouraged as an additional feature in some TAFE Queensland courses to help you gain important on-the-job skills that can help you get a better understanding about your chosen career and may lead to getting casual paid work. Work Experience (“WE”) is not part of your formal assessment and as the title suggests is not paid.

THE BENEFITS OF VOCATIONAL PLACEMENT

ALEXANDRE GUARNERI MARINE CRAFT CONSTRUCTION

“ Having the infrastructure at TAFE Queensland has helped me to relate to the industry. I study at TAFE Queensland on why certain things are done in a certain way due to safety and quality reasons and then I get out to the real world to practice what I learnt and do it right, that's the best thing about TAFE Queensland! My work placement and work experience in Marine Craft Construction has been the highlight of my experience here in Australia. I get to learn every aspect of the trade from experienced people in the construction of vessels of different sizes.

I have never stepped in a boat before but TAFE Queensland has prepared me for the industry and to become a boat builder in the future.

Cookery and Hospitality

I chose to study with TAFE Queensland as it is highly reputable. My teachers focus more on hands-on training.

They teach me with all the kitchen equipment and serving techniques which helped me a lot with my work placement.

UNIVERSITY PARTNERSHIPS

TAFE Queensland has partnerships with some of Australia's top universities. The benefit of combining your diploma and university studies is that you can start working straight away using your diploma skills, while finishing your degree.

TAFE Queensland graduates are eligible for credit transfer that can save up to a full year off your university degree. Our partnerships with top universities mean you will graduate with a prestigious university degree, as well as the hands on skills of a TAFE qualification, delivered in a practical, job-focused training environment.

You will graduate ahead of the pack with academic knowledge backed up by real-world skills.

PATHWAYS GUIDE

Our Pathways to University Guide details our diploma to degree articulation arrangements.

Our diploma to degree pathways will give you the best of both worlds, combining practical training from TAFE Queensland with the theoretical knowledge of a prestigious university degree.

Applying for a degree pathway is a 2-stage process involving an application to TAFE Queensland and a separate application to one of our partner universities.

NOTE: if you are applying through an education agent, your agent must be an approved agent of both TAFE Queensland and the University.

COURSE FEES & PAYMENT STRUCTURE

INTERNATIONAL PRICE LIST

TAFE Queensland's Price List provides a quick reference to our course tuition fees, locations and start dates. It will also indicate if vocational placements and university pathways are available.

TAFE Queensland courses are paid by semester:

- » 1 year course = 2 semesters / 2 payments
- » 1.5 year course = 3 semesters / 3 payments
- » 2 year course = 4 semesters / 4 payments

Example: Diploma of Early Childhood Education and Care is 1.5 years. **Total cost: \$15,000 (has a total of 3 semesters / 3 payments)**

- » You pay \$5,000 for Semester 1 (Jan 2021) less any deposit*;
- » \$5000 for Semester 2 (July 2021);
- » and final \$5000 for Semester 3 (Jan 2022)

OUR PRICE LIST IS REGULARLY UPDATED

*The deposit amount may change from time to time but will appear on your Letter of Offer with a breakdown of course fees and payment dates.

HOW TO PAY

The available payment methods for new international students can be chosen from following options:

- 1 Go to tafeqld.flywire.com
- 2 Enter the country of origin to initiate your payment booking and click "Next"
- 3 Follow the instructions provided to send funds to Flywire. For debit/credit card payments, enter your card details online to complete your payment in your home currency
- 4 Receive SMS/text and email notifications each step of the way, including a confirmation when your payment has been delivered to TAFE Queensland.

You can also create a Flywire account to track your payment online 24x7.

- 1 Go to students.convera.com/tafeqld
- 2 Enter your student information
- 3 Enter the Australian dollar amount as listed on your offer letter
- 4 Select your preferred payment method — telegraphic transfer or credit card.

Convera will transfer your payment in full to TAFE Queensland in Australian dollars (AUD).

ACCOMMODATION OPTIONS

TAFE Queensland has a range of student accommodation providers throughout Queensland*. Student accommodation gives you a great opportunity to meet fellow students while still having your own space.

Many student accommodation providers have additional facilities and services such as common areas, social events, and after hours security.

Most providers offer:

- » bedrooms with or without en-suite
- » fully furnished options
- » air-conditioning
- » cabled internet in rooms, and wireless hotspots in lobby
- » in-house Residential Coordinators who organise social, cultural and sporting activities.

You can also choose from a range of quality family Homestay and Student Sharehouse options from our approved providers.

FULL LIST OF **AVAILABLE ACCOMMODATION**

*TAFE Queensland does not organize accommodation for students directly. We provide a detailed list of approved quality providers and services that can help you choose the right type of living arrangement to suit your needs and budget. Prices are weekly and will often reduce the longer you stay. A great way to meet new people, make friends and form study groups.

EASY APPLICATION PROCESS

1 SELECT A COURSE AND CAMPUS

Visit our website tafeqld.edu.au/international to view our courses for international students and select your preferred course and desired study location.

2 CHECK ENTRY REQUIREMENTS

Check to see if you meet the Academic and English language requirements for your chosen course. We may be able to arrange an English pathway for you if you do not meet the requirements.

3 COMPLETE YOUR APPLICATION

Depending on your nationality you may be able to apply directly online on our **How to Apply page**. Or you will need to use one of our approved TAFE Queensland education agents (QR codes below). You will need as a minimum: a passport copy, academic records for senior school and any later study and, in most cases, a valid English test and Statement of Purpose.

 Documents that are not in English must be translated.

4 ACCEPT YOUR LETTER OF OFFER

If your application is successful you will receive a Letter of Offer, which may be conditional upon you meeting certain requirements (such as English language proficiency). Your Letter of Offer will show a breakdown of fees and payment dates for the courses you have chosen. It will also include important information about our refund policy and terms and conditions. If you are happy with your offer, you will need to sign your acceptance and return.

5 PAY YOUR FEES

Once you have accepted your Offer you will need to arrange your first payment (or deposit). This may include overseas student health cover (OSHC). Your Letter of Offer provides details of how to make this payment using one of our preferred services such as Western Union or Flywire. Once this has been received we will issue you an electronic Confirmation of Enrolment (eCOE).

6 APPLY FOR YOUR STUDENT VISA

Once you have your eCOE, you can apply for your student visa. TAFE Queensland does not arrange this for you. You or your agent will need to prepare this application. You should allow 4-6 weeks for your visa to be processed. Visit Homeaffairs.gov.au for more information.

HOW TO
APPLY

REGISTERED
AGENTS

 International students who are under 18 years of age and are applying for a student visa are required by the Australian Department of Home Affairs to have adequate welfare arrangements in place.

ENTRY REQUIREMENTS

The following entry requirements apply to most TAFE Queensland diploma programs:

ENGLISH LANGUAGE PROFICIENCY

There is a minimum level of English language skills that is required to study at TAFE Queensland for international students.

View all English Language requirements accepted by TAFE Queensland International for VET courses, on QR code below.

ACADEMIC REQUIREMENTS

Completion of Year 12 (or equivalent). Non school-leavers must have relevant work experience or qualification that indicates likely success of course completion.

Notes:

- » some courses for example, *Health and Engineering* require higher levels of English
- » some creative courses require a portfolio to be submitted

LIST OF ALL **ENGLISH LANGUAGE REQUIREMENTS**

INTERNATIONAL STUDENT SUPPORT SERVICES

The International Student Support Office can assist students to settle into life and study in Australia at TAFE Queensland by:

- » Supplying information about living in Queensland advising on accommodation options, banking and transport options
- » Putting students in touch with community support and multicultural services to help with cultural adjustment and homesickness
- » Supplying information and support with 'Overseas Student Health Cover' and health concerns
- » Providing advice about TAFE Queensland procedures
- » Assisting students in applying for student identification (ID) cards and internet access
- » Referrals to learning support to help with academic difficulties
- » Providing information about TAFE Queensland facilities
- » Supplying information on international student visa conditions such as:
 - attendance
 - academic performance
 - contact details
 - working while on an international student visa
 - employment restrictions.

EXPLORE OUR STUDY AREAS

TAFE Queensland offers the largest range of vocational training in Queensland. With over 90 courses available across, TAFE Queensland has a course that is right for you.

WHAT **BUSINESS AND IT** HAS TO OFFER

Certificate III in Accounts Administration

FNS30322 | 110034H

This course will give you a practical understanding of the various roles within the finance sector. You'll gain a broad range of skills including writing simple documents, producing business documents, performing financial calculations, extracting interim reports, and administering subsidiary accounts and ledgers.

Certificate III in Accounts Administration / Certificate IV in Accounting and Bookkeeping / Diploma of Accounting

FNS30322 / FNS40222 / FNS50217 | 110034H / 109980J / 099401J

During this course you will develop an advanced understanding of financial reporting, budget management and forecasting, income tax returns, and providing accurate accounting advice. TAFE Queensland's highly-experienced teaching staff will support you to develop industry-ready skills. You'll graduate with current, practical bookkeeping and accounting skills that are attractive to prospective employers.

Diploma of Business / Diploma of Leadership and Management

BSB50120 / BSB50420 | 108530K/104562A

Throughout this course you will be mentored in team leadership and management, discover how to utilise emotional intelligence to maximise team outcomes, and learn how to develop and implement an operational plan to facilitate effective workplace practices. You will also cover topics including communicating with influence, project work, workforce planning management, and risk management.

Diploma of Business / Diploma of Marketing and Communication

BSB50120 / BSB50620 | 108530K/108652M

This course will equip you with specialised knowledge in customer research, web design, and digital marketing and communications. You'll gain practical experience developing promotional programs and business and marketing plans. In addition, you will learn how to pitch advertising concepts, identify and exploit market opportunities, and understand consumer behaviour. You will also develop specialised knowledge in project work and workforce planning management.

Certificate III in Information Technology

ICT30120 | 106316K

Kick start your career in information and communications technology (ICT) with this entry-level qualification from TAFE Queensland. Get the hands-on skills for the role you want with both a foundation stream and range of specialised streams.

Diploma of Information Technology (Advanced Networking and Cloud Engineering)

ICT50220 | 107313E

In this specialisation you will learn how to install and manage complex ICT environments and manage network security. You will also learn how to use code to implement cloud infrastructure, and how to manage infrastructure in cloud environments.

Diploma of Information Technology (Advanced Programming)

ICT50220 | 107313E

In this specialisation you will learn how to build advanced user interfaces and implement a model view controller framework. You will also learn how to match ICT needs and provide strategic direction to your business, including how to promote workplace cyber security.

Diploma of Information Technology (Back End Web Development and Front End Web Development)

ICT50220 | 107313E

Successful completion of this course will qualify you to launch your career in the IT industry as an in-house or independent web developer. It will also give you the foundation skills needed to undertake further studies in your field.

Diploma of Information Technology (Advanced Networking and System Administration)

ICT50220 | 107313E

In this specialisation you will learn how to install and manage complex IT networks, configure and manage virtual computing environments, and manage network security. You will also develop the skills required to install an enterprise virtual computing environment.

Successful completion of this course will qualify you to work in a variety of roles in the IT industry such as network administrator, web developer, or computer programmer. It will also give you the foundation skills needed to undertake further studies in your field.

WHAT CREATIVE INDUSTRIES HAS TO OFFER

Diploma of Applied Fashion Design and Merchandising

MST50119 | 0100779

This course gives you the advanced skills to work independently or collaboratively within a constantly evolving sector. You will also develop an advanced understanding of design processes and product development, as well as technical production skills to support management and fashion businesses.

Diploma of Applied Fashion Design and Merchandising / Advanced Diploma of Applied Fashion Design and Merchandising

MST50119 / MST60119 | 0100779 / 0100769

Elevate your fashion career with this advanced dual qualification. Gain the technical and creative skills to work as a senior fashion designer.

In this course you'll gain specialist knowledge across the fashion design process — from fabric identification to design creation, production, and marketing and sales. During your final semester you'll exhibit your range to industry representatives and potential employers at our prestigious graduate fashion parades. Graduates will also finish their studies with a comprehensive portfolio of work.

Diploma of Graphic Design

CUA50720 | 105823K

In this course you will gain a diverse range of skills in technical and theoretical design principles and their application in everyday design. Expand on your creative talents through practical exercises in web design, typography, branding, packaging, digital and online design, illustration and portfolio design, all while working in a collaborative, studio environment.

Diploma of Music (Performance)

CUA50820 | 107861K

Get your big break into the music industry with this advanced qualification. Develop the specialised skills needed to be an outstanding performer or composer. In this course you'll hone your skills in stage performance, songwriting and recording.

Diploma of Music (Sound Production)

CUA50820 | 107861K

Kick start your career in the music industry with this advanced qualification in live sound and studio production. This course will provide you with opportunities to develop your skills in live sound concert production, studio recording and mixing techniques.

Diploma of Photography and Digital Imaging

CUA50920 | 107531F

This course will equip you with professional, specialised skills to carry out photography and imaging services. Learn about emerging trends and technologies and capture knowledge in lighting, image manipulation and digital art.

Diploma of Screen and Media - Animation, Gaming and Visual Effects

CUA51020 | 107862J

In this course you will gain a diverse range of skills in technical and theoretical Game Development. Expand on your creative talents through practical exercises in Game Design, 3D Modelling, Programming, and Game Art, all while working in a collaborative, and simulated studio environment. You will have access to industry standard equipment and the opportunity to develop close industry contacts through our leading educators.

Diploma of Screen and Media

CUA51020 | 107862J

This course has been designed to be creatively and personally empowering with self-devised projects and outcomes tailored to meet your individual needs. Led by industry experts, this immersive and hands-on course will give you valuable screen production skills in directing, camera operation, lighting, sound recording and editing.

Diploma of Visual Arts

CUA51120 | 110425D

This course enables you to specialise in core areas of visual culture and professional practice with electives in painting, printmaking, drawing, sculpture, ceramics and digital media technology, combining specialised technical, creative and conceptual skills within the creative arts sector.

Certificate IV in Residential Drafting

CPP40121 | 106738K

Learn specialised skills including how to produce drawings and use 3D modelling software. Gain knowledge of legislation and codes governing the building industry.

Diploma of Interior Design

MSF50218 | 0100095

As an interior designer, you will have the opportunity to maximise the potential of space in a range of exciting industry sectors including residential, workplace, retail, hospitality, education and healthcare.

If you're looking for a challenging and creative career that allows you to be instrumental in designing interiors catered to the diverse ways in which we live and work today, then studying with TAFE Queensland will equip you with industry-ready skills to launch you into the world of design.

WHAT EDUCATION AND COMMUNITY HAS TO OFFER

Certificate III in Early Childhood Education and Care

CHC30121 | 109391H

Get a head start on your career in early childhood education and care with this entry-level course. This qualification is the minimum requirement for early childhood settings in Australia and will set you up with the foundation skills to get ahead.

This course covers a number of core skills, including how to plan, implement and evaluate educational early childhood programs, support healthy meal times for children and foster individual development. You will also learn how to work within legal and industry requirements.

Certificate III in School Based Education Support

CHC30221 | 109289F

Start your career in education with this entry-level course that will give you the foundation skills you need to get you into the classroom sooner. This course covers core skills such as assisting in the implementation of planned learning experiences, supporting the numeracy, literacy and communication skills of students, supporting students at risk, and working with diverse communities.

Certificate III in Individual Support (Ageing, Home and Community)

CHC33015 | 091775K

This course will give you the skills you need to provide individualised support and care to people in aged care and home, and community settings.

You will learn how to support independence and wellbeing, gain a variety of technical skills, and develop a range of transferable skills from communication to teamwork. This specialised course will give you the skills to provide home and community support services to facilitate the empowerment of older people, people with a disability, and people living with dementia.

Diploma of Community Services

CHC52015 | 091776J

Take the next step in your career in the community services sector with this advanced qualification. This course will give you the high-level skills needed for a role with a community organisation. This course gives you high-level communication skills, and the ability to develop strategies to work with at-risk groups within the community. You will also gain valuable research skills and be taught how to work within legal and ethical frameworks.

Diploma of Mental Health

CHC53315 | 096796J

Upgrade your career in the community services or health industry with this advanced-level course that will qualify you to work in mental health in a broad range of settings. This course will equip you to work with a diverse range of clients, run early intervention and health promotion programs, and research and apply evidence to your practice. You will also develop the skills required to advocate on behalf of people with complex coexisting mental health, drug, and alcohol issues.

Certificate IV in Adult Tertiary Preparation

10765NAT | 0100586

This course is recognised by Queensland universities as a high-quality academic pathway and is facilitated by industry recognised, expert teaching staff. You will develop a broad range of skills relevant to tertiary education including advanced literacy, numeracy and digital literacy skills, time management, problem solving, mathematics, research and assignment writing skills, exam strategies and seminar presentation skills.

General English

0101409

From beginner to upper intermediate level, you will develop the English language and communicative skills needed for social and work situations and daily life activities. Learn basic comprehension, reading and writing skills through to more complex elements such as syntax and grammar.

English for Academic Purposes

0101406

In this advanced English language course you'll progress your vocabulary, grammar, reading, writing, speaking, pronunciation and listening skills in an academic context. As well as language skills, you'll also develop the terminology, study skills, and critical thinking required to be successful at further academic study.

IELTS Preparation

0101408

In this intensive English language course you'll discover how to best approach each section of the IELTS exam. You'll further develop your skills in the four key skills of language learning: listening, speaking, reading and writing. You'll also develop time management skills and gain valuable experience taking weekly IELTS practice exams.

Cambridge Preparation FCE and CAE

0101407

In this intensive English language course you'll discover how to best approach the FCE or CAE exam from Cambridge English. You'll develop the listening, speaking, reading and writing skills you need to succeed in an examination environment. You'll get valuable experience completing regular practice tests and develop lifelong learning and study skills that will help you in your future studies.

TRACY HANG. VIETNAM

English student - IELTS Preparation

“ Teachers are very patient. English is my second language, so it's really nice that they keep explaining things to us.

WHAT ENVIRONMENT AND ANIMAL SERVICES HAS TO OFFER

Certificate III in Horticulture

AHC30716 | 092541J

This course will give you a broad range of knowledge in improving soil conditions, implementing plant nutrition programs, operating machinery and equipment, and maintaining nursery plants.

Certificate II in Horticulture / Certificate III in Horticulture

AHC20416 / AHC30716 | 092526G / 092541J

Learn about Australia's unique flora with this entry-level dual qualification and become qualified to work in our country's many parks and gardens.

This trade-level qualification will give you the horticulture skills required to maintain gardens and nurseries such as plant identification and care, landscape management, propagation, pruning, and fertilisation.

Certificate II in Horticulture / Certificate III in Horticulture / Diploma of Horticulture

AHC20416 / AHC30716 / AHC50416 | 092526G / 092541J / 092591K

This triple qualification is perfect for people looking for foundation knowledge with the hopes of

progressing quickly to a managerial position within the industry.

Throughout this course you will be set up with a balanced mix of business acumen and field skills needed to manage and lead teams. Starting off with foundation skills such as plant identification and propagation, you will quickly advance to high-level studies in research analysis, data management, sustainable design, horticultural production plans, hydroponic systems, and irrigation design and implementation.

Certificate III in Rural Operations

AHC32816 | 095726J

Start your career in rural operations with this entry-level course and develop practical skills needed to work across a variety of roles including senior operations farmhand.

This course will give you the skills you need to operate a variety of equipment including tractors and quad bikes, perform a range of farm maintenance activities, care for animals and monitor weather conditions. You also have the option to specialise your skills in the beef cattle industry.

Certificate III in Rural Operations / Diploma of Agribusiness Management / Diploma of Agriculture

AHC32816 / AHC51419 / AHC50116 | 095726J / 103160E / 095165D

Get the Australian outback experience with this advanced-level, triple qualification.

Work on farms or stations, or as an agribusiness manager. In this course you will learn how to identify plants and operate machinery, manage both livestock and crop production, market your products and services, and prepare and monitor budgets.

We will also teach you how to develop farm and business plans, create climate risk management strategies, and produce sustainable land strategies.

Diploma of Conservation and Ecosystem Management

AHC51120 | 104852B

Upgrade your skills and knowledge of environmental sustainability with this advanced-level course, and make a world of difference in your career.

The Diploma of Conservation and Ecosystem Management reflects the role of personnel working in management positions with technical level skills in conservation and land management roles.

Certificate III in Animal Care Services

ACM30122 | 110617G

This course will give you broad skills in basic care and the capture, handling and transportation of companion animals, as well as specialised skills in either behavioural sciences or veterinary nursing.

Certificate III in Animal Care Services / Certificate IV in Veterinary Nursing

ACM30122 / ACM40418 | 110617G / 0101451

Combine entry-level knowledge with specialised skills to launch your veterinary nursing career. This course is the nationally-recognised industry qualification for vet nursing.

Accelerate your career and learn the technical skills valued by the veterinary industry.

LAURA HANNING. SCOTLAND

Animal Studies

“ Sometimes I surprise myself at how much I now know about animals, especially when I realise that I know more about Australian animals than some of my Australian friends.

WHAT HEALTH AND SCIENCE HAS TO OFFER

Diploma of Dental Technology

HLT55118 | 099345A

Advance your career in oral health care with this higher-level qualification. This course will give you the specialised skills and knowledge to work as a dental technician in a diverse range of settings. This qualification gives you the skills to construct models and custom impression trays, build removable acrylic dentures and alloy frames, and make crown and bridge structures.

Bachelor of Dental Prosthetics

HED004 | 089698C

Learn to issue, maintain and examine dental prosthetics, insert and try-in dentures, take impressions, and undertake production and technical work. This is a highly technical course, with units providing broad and coherent knowledge in pathophysiology, pharmacology, radiology, and clinical skills.

Diploma of Anaesthetic Technology

HLT57915 | 091780B

Advance your career in healthcare with this higher-level qualification. The health sector is experiencing strong job growth and this course will give you the

specialised skills you need to gain employment as an anaesthetic technician.

You will be able to confidently assist the anaesthetist in preparing the client for their anaesthetic, this will include checking and maintaining the anaesthetic machine, preparing anaesthetic medications, monitoring clinical measurements, assisting with airway management techniques and anticipating and responding to any anaesthetic emergency.

Certificate III in Health Administration

HLT37315 | 106595J

Gain practical skills in medical administration including effective communication with clients and health professionals, responding to difficult incidents, understanding and using medical terminology, and personal work organisation.

You may also enhance your employability with a range of elective units in medical billing, maintaining patient records, and applying first aid.

Certificate IV in Laboratory Techniques

MSL40118 | 0101065

Learn how to log samples, check sample documentation, prepare samples for testing, perform scientific calculations, interpret results, and maintain laboratory equipment.

Choose from a number of specialisations including chemistry, biology, histology, microbiology and tissue culture.

Certificate IV in Laboratory Techniques / Diploma of Laboratory Technology

MSL40118 / MSL50118 | 0101065 / 098109K

You'll start by learning how to log samples, check sample documentation, prepare samples for testing, perform scientific calculations, and maintain laboratory equipment.

You'll then discover how to interpret information using current scientific data analysis approaches, and record data in accordance with industry-standard protocols.

Diploma of Nursing

HLT54121 | 109308H

This course will give you the advanced skills to perform clinical assessments, contribute to nursing care of people with complex needs, administer and monitor medications and IV therapy, research and apply evidence to practice.

Diploma of Remedial Massage

HLT52015 | 095192A

Gain the advanced skills to adapt remedial massage treatments to meet the unique needs of your clients, implement injury prevention strategies and injury specific home care.

Other modalities of your training will include pregnancy massage, lymphatic drainage, joint mobilisation, trigger point therapies and Deep tissue massage.

Certificate III in Fitness

SIS30321 | 109306K

You will learn the basic knowledge needed to succeed in areas like fitness program instruction, provision of healthy eating information, and introduction of exercise for older clients.

Diploma of Sport

SIS50321 | 107798A

In this course you'll cover coaching fundamentals including how to plan and deliver coaching programs for high-performing athletes.

You'll also be introduced to the area of sports development and discover how to design, deliver and manage a range of community sport and recreation activities for the general public.

YOGAMAYA RODRIGUEZ. MEXICO

Nursing

“ I am currently working for an aged care facility. Once I finish this course I would like to continue working, either for aged care facilities or hospitals, and help people maintain their health.

WHAT SERVICE INDUSTRIES HAS TO OFFER

Certificate III in Hairdressing

SHB30416 | 095203C

Set yourself on the path to a successful career in hairdressing with this entry-level qualification. Gain the practical skills to confidently seek employment in a hair salon as a hairdresser.

Learn modern salon operations including how to colour and lighten hair, provide shampoo and basin services, and how to design and cut hair. All of this will take place in the classroom and real functioning professional salon environments.

Certificate III in Hospitality

SIT30616 | 095207K

Launch your hospitality career with this course offering practical skills and hands-on experience. Prepare yourself with a well rounded knowledge of the hospitality industry or continue with further study.

This qualification will provide you with the essential skills and knowledge to join the hospitality industry in an entry-level position. This course offers you the chance to discover the various exciting career pathways in hospitality — from front office receptionist in a five-star hotel, to a banquet attendant serving a function for 1,000 people, to preparing the latest on-trend cocktails.

Certificate IV in Commercial Cookery

SIT40516 | 092021M

This course equips you to work within the kitchen at a supervisory level. You will gain hands on culinary experience in the preparation of appetisers, salads, stocks, sauces, soups, seafood, meat, poultry, breads, pastries and cakes.

Develop your supervisory skills and learn how to manage diversity in the workplace, implement sustainable practices, provide leadership, manage finances, and coordinate cooking operations.

Diploma of Hospitality Management

SIT50416 | 091046K

Increase your hospitality skills and learn how to solve complex problems in a team environment. Take the next step in your career and get the skills you need to take on a management role in the hospitality industry.

This course covers managerial skills including rostering, budgeting, marketing, and people management. You will also learn customer service skills in our training restaurants, as well as how to operate a bar and prepare espresso coffee.

Certificate III in Patisserie

SIT31016 | 092020A

The Certificate III in Patisserie provides you with the entry level skills required to join a kitchen brigade as a pastry chef or patissier.

This course offers a broad range of kitchen operation skills while also focussing on growing your ability to skilfully produce cakes, desserts and petit fours.

Certificate III in Travel

SIT30216 | 091458A

Start your career in travel with this entry-level course. This course will qualify you to work across a number of strong-growth industries such as tourism, business, and online and corporate travel. You will have the skills to seek employment as an international corporate or online travel consultant, or a reservation sales agent for a tour operator.

This course will give you the knowledge to provide advice on domestic and international destinations, process travel-related documentation, prepare quotes, use reservation software, and show cultural and social sensitivities.

Diploma of Travel and Tourism Management

SIT50116 | 092399K

This course will give you the high-level communication and technical skills that you need to manage a travel or tourism business.

Travel and tourism is one of the largest and resilient industries in the world and employers are looking for qualified candidates who provide good customer service, have strong people skills, and are well presented.

Our industry-expert teachers will ensure you are ready to jump aboard the travel and tourism industry with hands-on and theoretical knowledge gained in the workplace and our state-of-the-art facilities using the latest industry software. This course will give you the skills you need to manage budgets, lead and manage people, plan e-marketing strategies, and sell tourism products and services.

Diploma of Event Management

0101406

Take your career in events to the next level with this advanced-level course that will qualify you to work as a conference or venue coordinator, or an event or exhibition planner.

Events is an exciting, fast-paced industry that requires you to work effectively as part of a team to create memorable experiences for your audience.

The course covers how to lead and manage people, coordinate marketing activities, creatively collaborate and manage financial budgets. Successful completion of this course will qualify you to work as a conference or venue coordinator, or an event or exhibition manager and provide you the foundation knowledge to pursue further studies in your field.

DINO YAN. HONG KONG

Commercial Cookery and Hospitality Management

“ I chose to study with TAFE Queensland as they have experienced chefs and have industry based facility. I did my work placement at a fine dining restaurant. I'm now a chef with a world famous hotel chain in Brisbane.

WHAT TRADES INDUSTRY HAS TO OFFER

Certificate III in Heavy Commercial Vehicle Mechanical Technology

AUR31120 | 103604D

In this course you will apply your practical skills and gain underpinning knowledge of how to diagnose problems, repair and service a range of systems and components of heavy vehicles and equipment. You'll repair and service engines, transmissions, cooling, steering and suspension systems, electrical circuits and systems, hydraulic and air braking systems, and diesel fuel injection systems.

You will also apply your skills and knowledge to complete heavy vehicle safety and roadworthy inspections.

Certificate III in Light Vehicle Mechanical Technology

AUR30620 | 103618J

You'll learn to discuss problems with vehicle owners to discover faults, carry out diagnostic procedures and repair and service a range of automotive systems including cooling systems, fuel systems, air conditioning and emission control systems, clutch assemblies, manual and automatic transmissions, braking systems, final drive assemblies and steering systems.

Certificate III in Light Vehicle Mechanical Technology / Certificate IV in Automotive Management

AUR30620 / AUR40116 | 103618J / 102971M

As well as developing the skills to manage a small automotive business, in this course you will discover how to service and repair the mechanical parts of motor vehicles including the engine, transmission (clutch, gear box and differential), and suspension systems (steering, brakes, wheels and tyres).

Certificate III in Light Vehicle Mechanical Technology / Certificate IV in Automotive Mechanical Diagnosis

AUR30620 / AUR40216 | 103618J / 095395A

In this course you'll learn how to perform advanced diagnostic operations in the automotive retail, service, and repair environment. Carry out diagnostic procedures to identify complex faults in light vehicle petrol and diesel engines, electronic spark ignition engine management systems, and braking systems. You'll also gain the skills to perform advanced analysis and modification tasks to enhance vehicle performance in the automotive retail, service, and repair industries.

Certificate III in Light Vehicle Mechanical Technology and Certificate IV in Automotive Mechanical Overhauling

AUR30620 / AUR40820 | 103618J / 103581F

In this course you will carry out diagnostic procedures to identify faults in light vehicle. You will also learn how to repair and service cooling systems, fuel systems, emission control systems, clutch assemblies, and steering and suspension systems.

Certificate III in Cabinet Making

MSF31113 | 095202D

In this course you will learn processes from design through to production including producing manual and computer-aided drawings, using power tools and wood machines, and undertaking jobs within cost and time constraints.

Certificate III in Carpentry

CPC30220 | 104863K

In this course, you'll learn how to construct, install, finish and repair structures and fixtures for residential, commercial and industrial developments.

Associate Degree in Civil Engineering

HED001 | 065567A

In this associate degree, you will gain specialised knowledge of drafting and modelling structural, municipal and environmental engineering, project management and estimating skills.

Advanced Diploma of Engineering Technology - Electrical

UEE62111 | 095223K

In this course you will develop the expert skills needed to design and validate electrical equipment and systems. You will be able to work in areas including electrical design, project management, process control, variable speed drives, programmable logic controllers.

Diploma of Electronics and Communications Engineering

UEE50520 | 103402C

In this course you will develop extensive skills in configuring computer networks as well as programming and fault-finding micro-controller equipped devices. Learn about electronic engineering redesign, commissioning electronic systems, risk assessment, and technical documentation.

Diploma of Engineering - Technical

MEM50212 | 095200F

You will advance your skills in mathematics, materials science, quality assurance, engineering drawing and computing, as well as management and maintenance strategies. This course emphasises the transfer of theoretical concepts to practical real world applications to put you in the best position to advance your career.

JINMI SONG . SOUTH KOREA

Heavy Commercial Vehicle Mechanical and Automotive Electrical Technology

It is not easy to work in a male dominated industry but I'm doing it! I can do tyres, brakes and general service for any cars. It does not matter if you work with men or women, your mind is important.
